United States Senator Joseph W. Balley of Texas spent yesterday in St. Louis. He arrived on an early morning train and departed last night for Lexington, Ky., where he will spend several weeks on his stock

he will spend several weeks on his stock farm.

Senator Bailey refused to discuss the trouble in the United States Senate in which he and Senator Beveridge of Indiana were the principals. He took exception to interviews published in the aftermoon papers relative to the episode and to statements to the effect that he was stopped and made to show his ticket while at the gate at Union Station, and that he made any remarks about it to anyone.

"I had no conversation with any reporter for an afternoon newspaper." declared Senator Bailey. "I was not interviewed while at breakfast at the Terminal Hotel. I had no intention of leaving St. Louis two hours after I arrived here, and did not attempt to pass through the gate at Union Station. I did not intend to leave until night and had not purchased my ticket."

IS CHARGED WITH FORGERY. R. H. Simpson Swears Out Warrant for Lon Dennis.

Lon Dennis, a printer, is charged in a warrant issued yesterday with forgery in the second degree.

R. H. Simpson of No. 2517 Easton avenue made the complaint. He stated that Dennis forged his indorsement on a check for \$5, signed by the Reverend John Gott, pastor of the Union Mission, of No. 2029 Morgan street. Simpson says the Reverend Mr. Gott sent the check to his office in payment for some printing; that Dennis got the check and signed his name to it.

HUNDRED PER CENT INCREASE.

Beaumont, Tex., Property Is Now Assessed at \$6,747,775.

REPUBLIC SPECIAL. Beaumont, Tex., July 28 .- The 1902 tax rolls for Beaumont, just completed, show an increase of more than 100 per cent within the last year. In 1901, the total was \$3,274.640;

last year. In 1901, the total was \$3,274,540; this year it is given as \$5,747,775, an increase of \$3,473,135.

One remarkable feature is the small increase—only \$2,200—in the item "railroads, telegraph, telephones, etc." This is being commented on because of the fact that a complete new telephone plant has been installed during the year, and that several hundred thousand dollars worth of oil cars, switches, etc., have been installed.

LOCAL CONTRACTORS AFTER PUBLIC WORK

Enter Into Competition for First Time Since Adoption of the Charter Amendments.

CITY EMPLOYE TENDERS BID.

C. D. Mitchell Resigns From Wa terworks Department and Submits Proposal—Power Brakes Approved.

St. Louis contractors who refrained from bidding for public improvement contracts since the adoption of the charter amendments yesterday entered the competition for contracts for paving eight streets and twenty-five alleys. The action of the local contractors, who claimed that the charter amendments relating to streets were impracticable, signifies that they have finally come to the conclusion that the new sections of the charter are valid and practi-

Many of the bids received are too high and will be rejected, but others cornespond to the estimates and will be honored. Among the bidders yesterday were: The Heman Construction Company, Henry Ruckert, Gottlieb Eyermann, the Gilsonite oofing Company and the Hill-O'Meara Construction Company.

The lowest street bids were: For paving with vitrified brick Academy evenue between Delmar boulevard and Page boulevard, Heman Construction Company, \$35,374.75; Olive street between Taylor avenue and Washington boulevard, Heman Construction Company, \$11,469.35; Walton avenue between McPherson avenue and Olive street, Heman Construction Company, E.125,49; Walton avenue between Olive street

ADVISES DROPPING OF FRENCH.

Naval Academy Board Would Substitute the Spanish Language.

REPUBLIC SPECIAL.

Washington, July 28.—The Board of Visitors to the Naval Academy has made its annual report to the Navy Department.

The board is composed of Senators and Representatives from different States. It recommends that the teaching force be

made more permanent, and points out that in ten years ending in 1802 there have been 231 officers assigned to Juty.

It advises the dropping of French from the curriculum and the substitution of Spanish. The maximum age of admission is set at 18 years. The board approves the discipline and general management of the academy and the plans of the new buildings. ings.

It urges the adoption of a practice ship, to be full rigged, of about 4.00 tons displacement and equipped with modern engines. Other recommendations are upon the component of the gunner ship with the suggestion that one of the new monitors be used, and for an increase in the academy band.

POWERS OF WORLD

Great Britain Far in Lead, France Second and America Close to Third.

16th St. and Pennsylvania Ave. Washington, July 29.-Reports received by the Navy Department indicate that the Powers of the world are actively increasing their naval forces to an unusual degree. In this movement Great Britain takes the lead by a wide margin, with France second and Germany and Russia tying with the United States, for the third place.

Great Britain is stronger, according to expert opinion, than France and Russia ombined, with plenty of keway. The position of the United States, acording to foreign estimates, should now

be as near France as that of either Germany or Russ'a, which have both made great strides of late years toward the expansion of their navies. France's naval programme of increase

ontinues the second largest extant and is exceeded only that of Great Britain. As the second ranking naval Power France will probably continue to be the second mistress of the seas for many years, although, according to Lord Brassey Is not making the advance that her position calls for.

At present she has building three great battleships, each of 14,865 tons displacement: and three of the same type of over 12,000 displacement.

Germany is following a programme of in rease agreed upon some years ago and designed to place her ahead of Russia and the United States in amount of tonnage completed. When it comes to Great Britain's stupendous plan of naval increase, that of all other nations looks small in comparison. Great Britain, to maintain a naval force equal to that of any two other naval Powers combined, is forced to expend millions of pounds annually on new ships, and from her present list of increase it is easy to see that she must continue for years to be more powerful on the ocean than any two other countries combined. Three battleships of 16,500 tons, two of 15,000 tons, six of 14,600 tons and three more recent ships of 15,639 tons comprise her great fleet of battleships now under construction.

SIDENER EXAMINED MULES. Decided That Grant Emmerson Was Guilty of Cruelty.

Judge Sidener yesterday morning examhed the two mules owned by Charles Reuth of No. 713 Market street, about which complaint was made by a Humane Society officer, and found them unfit for work. He conducted the examination in the alley back of the dispensary, and doctors were there prepared for an emergency in case one of the long-eared animals offered objection with hind legs to the touch of the law. Their services were not needed.

Monday Grant Emmerson appeared in the First Pistrict Police Court charged with cruelty to animals. It was alleged that he was driving a mule which was lame, sore and unit for use. The evidence brought out the fact that Emmerson, who drives for Reuth, had driven two mules, and in order that the right animal might be inspected Judge Sidener ordered that both mules be brought to court.

Emmerson appeared as directed yesterday. He hitched the mules in the alley back of the courtroom, and notified Judge Sidener of their presence. The court adjourned a few minutes. Judge Sidener went down into the alley and found one mule enducted the examination in the alley back journed a few minutes. Judge Sidener went down into the alley and found one mule with a bad sore on his back. His owner said the sore was caused by scratches sus-samed in the stable. The other mule's fore legs were badly swollen. The owner said the mule had warts. Judge Sidener thought it cruel to work such an animal and floed Emmerson \$55.

HAD RIGHT TO STRIKE HUSBAND. Judge Sidener Fines John Vahey for Beating Wife.

Judge Sidener yesterday morning decided that Mrs. Lizzie Vahey of No. 2815 Papin street had a right to hit her husband, John Vahey, with a broom after she told the court that Vahey had cursed ber.
Vahey was charged with beating his wife.
He appeared in court with a bandaged

head.

"What's the matter with your head?"
asked Judge Sidener.

"My wire hit me with a broom, your
honor," replied Vahey.

"Why did she hit you?"

"I don't know?"

Mrs. Vahey took the stand. "Why did
you hit your husband, madam?" queried
the Judge.

"He cursed me, Judge, and called me vile "He cursed me, Judge, and called me vile names. I could stand it no longer and struck him with the broom. He took the broom away from me and beat me with his fists." "You did perfectly right in hitting him and I'm only sorry some big, strong man was not present to give him a severe trouncing when he assaulted you. I'll fin
